Phillips Lytle LLP

Phillips Lytle. When Speed To Market Matters.

At Phillips Lytle, our attorneys drive projects and developments to completion as soon as possible, giving clients a greater return on their investment.

We move projects along more quickly and more economically than other law firms, because we've been practicing law for 190 years. It's this experience, paired with the strong community ties we have forged in both the public and private sectors, that gives us a competitive edge in ensuring your deadlines are reached successfully.

From real estate, tax and environmental law to land use and zoning, government relations, construction compliance (including MWBE requirements) and commercial finance, we have an extensive knowledge base, along with a track record of success.

Phillips Lytle has historically handled significant real estate development projects and transactions across a broad range of industries. Our clients include institutional lenders, corporations, REITs, private developers, public utilities, municipalities and individuals in connection with large and small commercial, industrial, retail and residential projects.
